

**PART 1 GENERAL****1.01 RELATED DOCUMENTS**

- A. Drawings and general provisions of the Contract, including General and Supplementary Conditions and Division 1 Specification Sections, apply to this Section.

**1.02 SUMMARY**

- A. This Section includes the following:
  - 1. Coordination and Installation of Owner-Furnished-Contractor-Installed (OFCI) equipment.
- B. Related Sections include the following:
  - 1. Division 1 Section "Coordination" for Contractor responsibilities related to coordination of project related activities.

**1.03 COORDINATION**

- A. Coordinate construction operations and the work of subcontractors to assure efficient and orderly installation of OFCI equipment. Coordinate construction operations included under different Sections that depend on each other for proper installation, connection, and operation of this equipment.
  - 1. Schedule construction operations in the sequence required to obtain the best results where installation of one part of the Work depends on installation of other components, before or after its own installation.
  - 2. Coordinate installation of different components to assure maximum accessibility for required maintenance, service, and repair.
  - 3. Make provisions to accommodate items scheduled for later installation.
  - 4. Contractor to provide and install all electrical boxes, conduits and backing for OFCI and OFOI items.

**1.04 SCOPE OF WORK**

- A. The Owner will provide the following equipment to be incorporated into the work. Provide installation, including electrical and/or plumbing services as indicated on drawings.
- B. The Owner will provide the following equipment to be incorporated into the work. The installation of this equipment will be performed by the Vendor. Coordinate with vendor. Provide rough-in mechanical and electrical items and blocking for this equipment as indicated on drawings.

**PART 2 PRODUCTS (NOT APPLICABLE)****PART 3 EXECUTION****3.01 GENERAL**

- A. Inspection of Conditions: Require the Installer of each major component to inspect both the substrate and conditions under which Work is to be performed. Do not proceed until unsatisfactory conditions have been corrected in an acceptable manner.
- B. Coordinate temporary enclosures with required inspections and tests to minimize the necessity of uncovering completed construction for that purpose.

**3.02 CLEANING AND PROTECTION**

- A. Clean and protect construction in progress and adjoining materials in place, during handling and installation. Apply protective covering where required to assure protection from damage or deterioration at Substantial Completion.
- B. Clean and provide maintenance on completed construction as frequently as necessary through the remainder of the construction period. Adjust and lubricate operable components to assure operability without damaging effects.
- C. Limiting Exposures: Supervise construction operations to assure that no part of the construction, completed or in progress, is subject to harmful, dangerous, damaging, or otherwise deleterious exposure during the construction period.

**END OF SECTION**
